

Workshop

# Humanitarian Technology in Asian Pacific Countries

- Lessons learned from Japan's 2011 earthquake and other natural  
disasters around the world -

26th August, 2013 (Mon) 9:30-12:00

The meeting room No.3 of Faculty of Economics,  
Gakushuin University (東 2 号館 11 階第 3 会議室)

The HT includes technologies related to electricity, health, education, disaster and many other areas. In the workshop, we will discuss about technology to improve the life of the underserved or underprivileged people, especially those in disasters such as earthquakes. The speakers of the workshop are all computer scientists or engineering researchers.

## Speakers:

Assoc. Prof. Sucharit Koontanakulvong (Chulalongkorn University)

Prof. Riri Fitri Sari (University of Indonesia)

Assoc. Prof. Supavadee Aramvith (Chulalongkorn University)

Dr. David Shepard (University of California, Los Angeles)

Assoc. Prof. Takako Hashimoto (Chiba University of Commerce)

Prof. Yukari Shirota (Gakushuin University)

## Sponsored by:

Research Institute for Oriental Cultures Gakushuin University

(学習院大学 東洋文化研究所)

Research Project A12-1: 東日本震災に対するタイランド国民と日本国民の SNS 上での反応比較

議論, 発表はすべて英語で行われます。

聴講を歓迎します。配布資料があるので、事前に下記へ連絡してください。
